

Capstone

ENVIR ST 810	Energy Analysis Seminar
--------------	-------------------------

Energy Analysis

BSE 367	Renewable Energy Systems
BSE 460	Biorefining
CBE 512	Energy Tech and Sustainability
NE 571	Econ. and Environmental Aspects of Nuclear Energy
EPD 690/CEE 639/GLE 401	Distributed Renewable Energy
ME 461	Thermal Systems Modeling

Energy Policy

ENVIR ST 349	Climate Change Governance
ENVIR ST 471	Intro to Environmental Health
ENVIR ST 866	Global Environmental Governance
ENVIR ST 402	Green Urbanism
ENVIR ST 534	Environmental Governance: Markets, States, and Nature
ENVIR ST 710	Challenges and Solutions in Business Sustainability (could qualify for Energy Analysis as well)
ENVIR ST 900 (2 credits) + 1 credit elsewhere	Climate Change and Planetary Health; recommend combining with either ENVIR ST 417 (Weston seminar) or EP 602 (WEI Sustainable Energy Seminar)
