Course Substitutions

Students may also propose course substitutions by contacting the Academic Coordinator or the Faculty Chair. The EAP Chair makes the final decision. Provide a course syllabus and a letter of endorsement from the faculty member teaching the class. The substitution proposal will be considered based upon the following criteria:

- 1. the extent to which the course content is devoted to energy
- 2. the rigor of methodology applied to the course material
- 3. the context of the class with respect to the student's study plan
