

**Capstone**

ENVIR ST 810	Energy Analysis and Policy Capstone
--------------	-------------------------------------

**Energy Analysis**

BSE 367	Renewable Energy Systems
BSE 460	Biorefining
CIV ENGR 423	Air Pollution Effects, Measurement, and Control
CIV ENGR 535	Wind Energy Balance-of-Plant Design
ECE 714	Utility Application of Power Electronics
NE 571	Econ. and Environmental Aspects of Nuclear Energy
ME 461	Thermal Systems Modeling

**Energy Policy**

ENVIR ST 355	Intro to Air Quality
ENVIR ST 471	Intro to Environmental Health
ENVIR ST 402	Green Urbanism
ENVIR ST 534	Environmental Governance: Markets, States, and Nature
ENVIR ST 710	Challenges and Solutions in Business Sustainability (could qualify for Energy Analysis as well)
POP HLTH 728 (2 credits) + 1 credit elsewhere	Climate Change Medicine; recommend combining with EP 602 (WEI Sustainable Energy Seminar)
